

LILLEY IS A LIAR

In the Opinion of the House of Representatives, Though that May be Only a Matter of Opinion

Washington, May 21.—The conclusion of the special committee, which has been investigating the charges of Representative Lilley of Connecticut, that members of the house had been improperly influenced in connection with the submarine torpedo boat legislation, that Mr. Lilley had violated his obligations as a member and had acted in bad faith with the committee and in contempt of the house was sustained yesterday by the house by a vote of 257 to 82.

PUBLIC BUILDINGS BILL PASSED

The Senate and Needs Only the President's Signature

Washington, May 21.—The senate yesterday considered and passed the omnibus public buildings bill, inserting not only the numerous amendments suggested by the senate committee on public buildings and grounds, but also a few proposed on the floor of the senate by individual senators. As passed the bill carries a total of about \$35,000,000, of which \$6,000,000 is for continuing contracts.

NO SURVEY THIS YEAR

Setback to Plan for Atlantic and Mississippi Canal

Washington, May 20.—Judge Brantley and the others who are interested in the Proposed Atlantic and Great Western canal connecting Brunswick with the Mississippi through the Tennessee river are disappointed that the House Committee on Railways and Canals has decided not to take any action this session on the bill to make an appropriation for a survey of the projected canal. This does not mean that the measure is lost, but only that it is postponed till the next session, when it has a good chance of favorable consideration.

WILL SPEND \$1,500,000 AT JAPANESE EXPOSITION

Washington, May 21.—By unanimous consent the House passed the bill appropriating \$1,500,000 for participation by the United States in the International Exposition to be held in Tokio in 1912. The bill has passed the Senate and now lacks only the President's signature to make it a law.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

HOW HE GAINED HIS POINT

"Jane," said the indulgent husband, according to the Cleveland Plain Dealer, "I want you to get one of the biggest hats you can find." "I thought you didn't like big hats," said Jane. "That was true heretofore," said Jane's husband, "but when I saw Jim Brayton's wife wearing one of those 'Merry Widows,' aren't they?—I changed my mind. There's no reason why you shouldn't look as fine as she does." "Has Susie Brayton a big hat?" demanded Jane. "That's what I'm trying to tell you," Jane's husband replied. "Did Jane buy a big hat?" She did not. "And what did Jane's husband do?" He winked at himself in the glass.

Cures Constipation and Kindred Evils

Letter From Louisiana.

Simms, La., May 22, '07.
My wife suffered for seven years with Liver Complaint, Indigestion and Constipation. I have paid up to date one thousand dollars to doctors for services but she never received any benefit. I always bought my medicine from Jordan Bros., of Alexandria, La. I spoke to Mr. Jordan one day about my wife's complaint, and he recommended Mozley's Lemon Elixir for her. I took a bottle home with me and since that time, about three months ago, I have kept it in the house and from the first day my wife took it, her bowels have acted regular, her health has improved and she can do her house work without the pains she formerly suffered. I was in Alexandria yesterday, May 21, and told Dr. F. N. Brian, one of the best physicians in Alexandria, what my wife had been taking, and he gave it the highest praise. Mr. Jordan also told me his wife was using Lemon Elixir with great benefit. Yours respectfully,
ED C. PEARSON.

PLOWING UP COTTON

North Georgia Farmers Following Radical Methods to Reduce Their Crops

Rome, Ga., May 21.—Determined to reduce the acreage of cotton in the South and thus forward their campaign to raise the price of the staple, the members of the Farmers' Union are plowing up 10 per cent. of all cotton planted earlier in the season. This plan has been urged upon all members of the Union in every state in the South. That the members of Floyd County Union are carrying out the instructions from headquarters is stated by W. J. Walker, an officer of the local union.

PRAISE OF PAJAMAS

Eddie Foy, the comedian, at a theatrical supper in New York, made a funny speech in praise of pajamas, says the Cincinnati Enquirer. "Always wear pajamas," he began. "Never wear a nightshirt. I have never worn nightshirts since I heard the horrible experience that Fritz Sausage a German waiter of Chicago, and with the pesky things.

"Fritz Sausage used to come home every evening from the cafe with his pockets full of dimes and quarters—his day's tips, you know. His wife, after he had fallen asleep, would get up and raid that silver mine. Fritz said nothing, though he thought it was an unkind thing for her to do. "At last he decided he wouldn't stand those nocturnal raids any longer. So the next night he came home he waited till his wife was asleep, and then he got up out of bed, took all the silver from his pockets, climbed back under the sheets again, and very quietly tied the money up in a corner of his nightshirt.

"Then he smiled to himself. He couldn't help thinking how disappointed his wife would be when she tiptoed across the dark room in the cold and went through his pockets and found nothing.

"He fell asleep as happy as a child. He awoke in broad daylight. His wife was bending over him tenderly.

"Oh, Fritz," she said, 'thank you for the present.' "What present?" said he.

"Why," said his wife, 'all that money tied in my nightie.'

SOLOMON KNEW HOW IT WAS HIMSELF.

William Jennings Bryan has tried his hand at condensing one of the proverbs of Solomon, says the Columbia State. In a speech before the Legislature of Oklahoma, he said: "One proverb I have often quoted is 'The wise man foreseeth the evil and hideth himself, but the foolish pass on and are punished.' It is a great truth, and beautifully expressed, but I found it did not stick in people's minds, and so I condensed it, and it is the only effort I have ever made to improve upon a proverb, and this is not an improvement, it is merely a condensation. It is not as beautiful as Solomon's proverb, but more easily remembered. It means the same thing in a condensed form. 'The wise man gets the idea into his head, the foolish man gets it in the neck.'

WHAT OUR NAVAL EXPERTS MUST WATCH

Germany's latest war vessel, the Bluecher, is classed as a cruiser. Ten or a dozen years ago she would have been called a battleship of most extraordinary qualities, and would have at that time have ranked anything afloat for speed and power. Her displacement is 15,000 tons, her speed is 22 knots an hour, her main battery of 11-inch rifles and her armor belt almost as heavy as that of our Maine. The Bluecher will cost when placed in commission \$6,915,000, and will carry a crew of 950 officers and men. Her speed will be derived from turbine engines driving twin screws. There is not anything in the American navy that precisely compares with her. She is heavier than our cruisers and a little lighter than our newest battleships. The next battleship to be built by Germany will be of 20,000 tons, at an estimated cost of \$10,000,000. These are the craft that the United States must match and better if it would keep in the naval game with the European powers.

THE SWINE AND THE FLOWER

Oh me! I saw a huge and loathsome sty, Wherein a drove of wallowing swine were barred, Whose banquet shocked the nostril and the eye: Then spoke a voice, "Behold the source of lord!" I fled, and saw a field that seemed at first One glistening mass of roses pure and white

With dewy buds 'mid dark green foliage nursed; And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene, Whispered, "Behold the source of COTTOLENE!"
